The Spectrum Film Festival invites you to participate in the International Competition 1,2 dedicated to feature debuts and second films. The festival organisers are waiting for films that are exploratory, non-obvious and scheme-breaking until 15th of August.

The Spectrum presents both full-length and short films. The event, since its inception, has been a space to meet people who love and celebrate cinema. Since 2024, the event has been held in the Polish city of Swidnica and the Czech city of Trutnov. This year's edition will take place between October 21 and 26.

One of the novelties in last year's festival programme was the International Competition 1,2 - "the success of the first edition of this competition encouraged us to continue with the idea. The festival audience received the competition selection very well and most willingly cast their vote for "Travel Essentials" directed by Kamila Tarabura. Filmmakers often use debuts or second films to break down the doors of reality," says Paweł Kosuń, artistic director of the Spektrum IFF.

The competition is open to full-length feature debuts and second films completed after 1 January 2023. The selectors will pay particular attention to images that are offbeat and stand out for their fresh perspective on film language. In turn, the winner or winner of the Competition 1,2 will be chosen by the audience of the 11th Spectrum Film Festival.

Film submissions are accepted only through FilmFreeway:
